This is important to you because Your drinking water comes from shallow groundwater wells located within the City that are highly susceptible to contamination. You are being asked to inventory the hazardous materials used at your facility in efforts to eliminate hazards and protect the City's drinking water. All businesses, public agencies, and non-profit organizations located within Wellhead Protection Zones 1, 2, or 3 are required to submit a Hazardous Materials Questionnaire (RMC 13.07).

1, 2, or 3 are required to submit a Hazardous Materials Questionnaire	e (RMC 13.07).
